 Amiais de Cima - Santarém

 MBA Logistics Management International
ABRACOMEX (2019-2020)

 Bachelor's Degree in Supply Chain
Management and Logistics – Estácio de Sá
University (2015-2017)

Logistics Supervisor and Inventory Analyst with over 10 years of experience in warehouse operations, team leadership, and process optimization. Specialist in KPI management, continuous improvement (Lean Six Sigma - Yellow Belt), data analysis with Power BI, and Advanced Excel. Proven track record in inventory control, process reengineering, and implementing quality best practices (5S, PDCA, DMAIC). Focused on operational efficiency, safety, and productivity, with success in training and coordinating multidisciplinary teams in large-scale warehouses.

KEY SKILLS

- Leadership: Team management in high-volume logistics environments.
- Inventory Control: Warehouse management and stock accuracy.
- Data Analytics: KPIs, Power BI, Excel (VBA), and Access.
- Methodologies: Lean Manufacturing, Six Sigma (Yellow Belt), and Continuous Improvement.
- Supply Chain: International logistics and end-to-end supply chain management.
- Quality & Safety: 5S, PDCA, DMAIC, and Workplace Safety.

PROFESSIONAL EXPERIENCE

DHL Supply Chain | Lisbon, Portugal

Process Reengineering Specialist | June 2024 – Present

- Identifying operational inefficiencies and proposing improvements to increase efficiency, quality, and safety.
- Developing and monitoring performance dashboards using Power BI.

Warehouse Operator | June 2022 – June 2024

- Managed receiving, put-away, inspection, labeling, shipping, and reverse logistics.
- Developed productivity and Picking Accuracy reports.
- Supported leadership in operational optimization projects.

PROFESSIONAL EXPERIENCE

Embelze | Rio de Janeiro, Brazil

Inventory Analyst | June 2021 – April 2022

- Managed cycle counting and operational KPIs.
- Performed system-to-physical reconciliation to ensure data reliability.
- Managed procurement and developed inventory reports.

Americanas S.A. | Seropédica, Brazil

Operations Supervisor | Nov 2019 – Feb 2021

- Supervised distribution center teams with a focus on productivity and quality.
- Managed stock, inventory, audits, and damaged goods (OS&D).
- Led daily KPI meetings and resolved operational discrepancies.
- Responsible for opening new distribution centers and training local teams.
- Logistics Lead | Aug 2015 – Nov 2019
- Coordinated warehouse operations to ensure deadlines and efficiency.
- Directly supported the supervisor in team management and indicator tracking.

Other Experiences (Inventory Analyst / Production Assistant) (RR da Cunha, Sonoco, Rio Pack)

- Inventory management using SAP and WMS.
- Cycle counts, balance reconciliation, and daily reporting.
- Supported quality control and production line supply.
